

2022 Reinhart Funds Actual Annual Distributions

Record Date: 12/14/2022
Ex-Date: 12/15/2022
Reinvestment Date: 12/15/2022
Payable Date: 12/15/2022

The table below shows 2022 actual annual distributions for the listed mutual funds. Distributions will be paid to investors who owned shares on the distribution record date.

- Ordinary income distributions represent income from earnings of the fund's investment portfolio less expenses.
- In general, a capital gains distribution represents profits realized when a fund sells a security at a higher price than it paid to purchase the security. Capital gains are classified as short-term when the security sold was held for one year or less, and as long-term when the security sold was held longer than one year.

This notice is provided for informational purposes and should not be considered tax advice. Please consult with a tax advisor if you have any questions regarding tax rates for mutual fund distributions.

Fund Name	Ticker Symbol	Ordinary Income Distribution Rate/Share	Short-Term Capital Gains Distribution Rate/Share	Long-Term Capital Gains Distribution Rate/Share

Investors should consider carefully information contained in the prospectus, or if available, the summary prospectus, including investment objectives, risks, charges and expenses. You can obtain a prospectus, or if available, a summary prospectus by visiting reinhartfunds.com. Please read it carefully before investing. Investment returns will fluctuate and are subject to market volatility, so that an investor's shares, when redeemed or sold, may be worth more or less than their original cost. Mutual fund investing involves risk. Principal loss is possible. Past performance does not guarantee future results.

The Reinhart Funds are distributed by Quasar Distributors, LLC.
